Welcome To Our Newsletter

Hello, and welcome to The Hoffman Family Foundation's newsletter: *The HFF Dispatch*. This is a quarterly newsletter to help keep you updated with all that the Hoffman Family Foundation is accomplishing. Our goal is to improve the quality of life of different communities, empowering women, families, schools and giving children quality education. *The Hoffman Family Foundation's vision is to leave a legacy of love, transforming lives and communities around the world.*

With this newsletter, we hope to share with you the improvements we are making in other people's lives across the globe. Perhaps you'll be inspired to help in your own way or to donate for one of our causes. With your help, we can truly make a difference.

2015 Off To An Unbelievable Start

By Tami Hoffman

This year has been off to an unbelievable start. I am so happy with what we have been able to accomplish so far. Sherifah's house is now complete with solar lighting, running water and beautiful furnishings to call her own. And the best part... her very first bed to sleep in. This just makes my heart

sing. We also planted a small garden in the front of her house that she can maintain food for her household. Our last project will be a small poultry farm so she can raise chickens and sell their eggs. This will help her to become sustainable and contributing to her community as well.

Sherifah's new house at her Home Dedication ceremony in April

New Water Well at Primary School

By Tami Hoffman

The water well is now completed at Ewaldi Community Primary School. This school now has fresh running water that comes directly from a faucet. No pumping is involved. This NEW designed water well will last for years to come. Water now is piped to the school, to the dormitories and the guest houses. We also gifted the school with new playground equipment. After all what is recess without swings and tee-ter-totters. You should see the smiles on these children's faces. This also makes my heart sing.

This was written in their monthly newsletter from the school. *"Water is a basic need needed to drive us in our daily lives and without it, lives may become to a standstill at one point"! In September 2014, Ewaldi Community School received the visit of Mr. and Mrs. Hoffman "the Good Samaritans" who could understand why water was really an essential need for the children at the school. As a result, the Hoffman family foundation based in Uganda offered a donation of 25, 000,000 shillings to construct a water supply facility."*

AFRICAN WATER CRISIS>>

{ 40 BILLION }

Hours are spent gathering water every year in sub-Saharan Africa

{ 443 MILLION }

School days are missed every year because of preventable water-borne disease

EVERY { 60 SECONDS }

A Child under the age of five dies from a preventable water-borne disease

Tents and Chairs Used to Help Empower Women

By Tami Hoffman

We are very proud of our Women's Empowerment Group. After a monetary gift we gave them in July to start a business that is now called...MUKAMA AFAAYO Tents and Chairs for Hire (which means.. God Cares) they have now doubled in size. From 20 women to 40 women. Their business did so well they were able to purchase another tent. The second business is called YAGALA MUNO (which means... Love One Another).

I visited these ladies in April. They are inspiring ladies. They have now been given hope to provide for their families, children

can now go to school and they are young entrepreneur's in the making.... learning how to work hard and dream BIG!

They are now asking if we could do some workshops so they can learn to get even better... this is what I call a teachable spirit. Oh and they also requested HOFFMAN FAMILY FOUNDATION T-shirts. They are so happy to be a part of something. There is a quote that's says.....We all need something to do, someone to love and something to hope for. I am certain we have achieved all 3 with these beautiful ladies. Once again my heart is singing.

“When God puts love and compassion in your heart toward someone, He’s offering you an opportunity to make a difference in that person’s life. You must learn to follow that love. Don’t ignore it. Act on it.

Somebody needs what you have.”

- Joel Olsteen

Building Schools, Hopes & Dreams

By Tami Hoffman

Breaking ground in February, our Primary School in Uganda is set to be completed in September.

And our BIGGEST PROJECT...Mountain of Olives Nursery and Primary School in Jinja, Uganda. We broke ground in late February and our team has been working unbelievably non-stop. Their work is precise and excellent. I have been extremely impressed and blown away with our "A TEAM".

Please follow us on our Website and soon our Facebook page for updated details and photos. We will be commissioning (ribbon cutting ceremony) the school for occupation on September 18, 2015. My heart is now singing..."Ain't NO STOPPING US NOW"!! Would you consider partnering with us in our work in Africa? Maybe consider taking a vision trip someday with us. I guarantee you one thing... your life will never be the same after sowing your time, talents and treasures into the lives of these beautiful people because they will touch your heart.

The Hoffman Family Foundation's vision is to leave a legacy of love,
transforming lives and communities around the world.
